

## SILENT PRAYER

O God,  
I know,  
I know the possibility,  
I know the possibility for good,  
I know the possibility for good exists,  
I know the possibility for good exists in Your name,  
that it's realized when I reach through myself  
to be aligned with Your divine mind.

I call,  
I call upon myself,  
I call upon myself to use all,  
I call upon myself to use all the Divine power  
I call upon myself to use all the Divine power You have given to me,  
in the past,  
that You may be giving to me now,  
or that You may give to me in the future,  
to know Your Torah and to do Your will.

I acknowledge Your mystery as my source  
and Your Torah as my sustenance.
