

NEW WORLD COMING

There's a new world coming, we're going to shape it.

There's a new world coming, we're going to make it.

We're going to sing, we're going to dance.

We're going to give humanity a chance

Organize, organize . . .

with the word of God leading every life. (x2)

We've got a vision of salvation on this earth.

It's a time for humankind to live in peace.

To come to know that we can make

what our hearts want the whole world to be.

Organize, organize . . . (x2)

It's a job that's going to take all our lifetimes,

and a whole lot more besides.

So let's start laying track and get on a train

to a righteous world for us and our offspring.

Organize, organize . . . (x2)

There's a new world coming, we're going to shape it. . . .
